CYBERSECURITY COMPROMISE AT RECTRON (PTY) LTD

Shareholders are advised that Rectron (Pty) Ltd ("**Rectron**"), a wholly-owned subsidiary of Mustek, recently identified and responded to a cybersecurity compromise affecting certain of its information technology systems and operations, in terms of which a third party unlawfully accessed certain data of Rectron, the extent of which is being determined.

Rectron became aware of the incident on 15 July 2026 and immediately activated its incident response and business continuity procedures. Rectron has engaged external forensic specialists to assist with the investigation, containment and recovery process.

The investigation remains ongoing and the Company is working closely with Rectron to establish the nature, scope and impact of the incident.

Rectron has notified the Information Regulator and will publish a notification to affected data subjects on its website in compliance with section 22 of the Protection of Personal Information Act, 2013 (a copy of which can be viewed in www.rectron.co.za).

The above mentioned compromise only affected Rectron. No other company within the Mustek Group has been compromised.

The board of the Company will continue to assess the situation and will communicate any material developments by way of a further SENS announcement if required.
